

Serial No. 10/787,268

REMARKS

The aforementioned deletions and insertions to the Specification are believed to be in compliance with CFR 1.121. In order to clearly set forth the amended portions of the specification, applicants have enclosed a copy with corrective markings. Please insert the entire rewritten text as it is presented, without corrective markings, in the accompanying replacement copy of the Specification.

The applicants have amended certain descriptions in the Specification and the Claim with the objective of presenting a full, clear and complete description of the cultivar in order to comply with 37 CFR 1.163 and 35 U.S.C. 112 and to overcome the objections listed in the Office Action dated 09/21/2004. Specifically:

In response to the objections set forth in paragraph A of the Office Action, the Specification has been amended to correct the reference to the botanical classification of the new plant.

In response to the objections set forth in paragraph B of the Office Action, the Specification has been amended to correct the text reference describing the varieties described in chart 1.

In response to the objections set forth in paragraph C of the Office Action, the Specification has been amended to set forth the observed peduncle diameter of the claimed plant.

In response to the objections set forth in paragraph D of the Office Action, the Specification has been amended to set forth the tepal base descriptor.

In response to the objections set forth in paragraph E of the Office Action, the Specification has been amended to set forth the number of pistils per flower.

In response to the objections set forth in paragraph F of the Office Action, the Specification has been amended to set forth the typical stem length and diameter of the claimed plant.

In response to the objections set forth in paragraph G of the Office Action, the Specification has been amended to qualify the measurement.

In response to the objections set forth in paragraph H of the Office Action, the Claim has been amended to a more simplistic version.

For all the reasons listed above, the applicants respectfully submit that the errors in the Specification are corrected, and that the claims comply with Section 112. The application is believed to be in condition for allowance, and notice thereof is respectfully requested.

Applicants have enclosed a statement under 37 CFR 3.73(b), which establishes evidence that the undersigned is authorized to act on behalf of the assignee, Poulsen Roser A/S.

Respectfully submitted,

Ken Rynearson
